

Whale Rock House
3 Bed Villa For Sale in Virgin Gorda

Description

This outstanding, unique property is situated on a two acre lot just between the famous Baths National Park and a dedicated Greenbelt that extends to the shore. Giant granite boulders line the perimeter and provide extraordinary privacy. The waves that crash on the rocks below are caused by the breezes which keep the property constantly cool year round. Your views expand farther off to the chain of mostly uninhabited islands from Fallen Jerusalem to Ginger, Salt and beyond. With the curved walls and roof blending right into your surroundings, the estate provides a feeling of being one with the natural granite boulders and surroundings. The design is enhanced by commissioned ceramic work and by custom millwork combining mahogany with the patina...
