

5, Paris Street
6 Bed Property For Sale in St. Peter Port

Description

Situated in the convenient and central Paris Street, this large townhouse offers a rare opportunity to purchase a highly flexible property with investment potential. The house is currently configured as three separate flats, however there remains the ability to convert some or all of the building back into a single dwelling. The current owners have enjoyed a good rental income from the top two flats, whilst living in the largest garden apartment, but all three units could be rented, subject to the relevant permissions being attained. This spacious building boasts an enclosed rear garden and striking sea views from the top floors, further viewing is highly recommended.
