

Park View

5 Bed Property For Sale in Vale

Description

This highly versatile Victorian house needs to be seen to appreciate the incredible space available. It offers a great opportunity for a large family, specifically those looking for two-generational living. Conveniently situated, it has been previously split into two separate units but is being sold as one, with the obvious option to revert to two larger apartments. As a family house, it can offer five bedrooms, three bathrooms, a study, a nursery, two reception rooms and two kitchens! In good order throughout, there is scope for modernisation in places, but it equally allows a purchaser to move into the property and make any alterations over time. To the front, there is parking for up to six cars, and to the rear is a neat enclosed garden...
