3 Bed Property For Sale in St. Peter's

Description

The painstaking efforts of this accomplished developer to create this fascinating property are clearly evident at every turn. Enjoying an enviable west coast position with stunning sunsets, sea and rural views, it has taken four years of vision and hard work to transform a WW2 German personnel bunker into a luxury property – arguably the only fully-renovated example in the British Isles. A sweeping gravel driveway leads to a large parking area and a first glimpse of the transformation. A unique home in every way, retaining many original features inside and out, it offers three en suite double bedrooms, a large reception area and a utility with WC. Outside, there is a formal lawned area, a large patio and steps leading to a stunning roof...
