6 Bed Property For Sale in St. Peter's

Description

A charming farmhouse, tucked away in the heart of St Peters, with parts of it dating back to the 1300/1400s. Modernised by the current owners, it has been transformed by the addition of a new extension to the rear of the property, which has more than doubled the size whilst also transforming the flow and feel throughout. The outcome is a home fit for modern family living, with both open plan reception spaces and separate living, dining and family rooms, plus five first floor bedrooms serviced by 4 bath/shower rooms. The grounds extend to circa 4 acres, 2+ acres being useable paddock together with mature woodland and lawned gardens to the immediate side and rear. A fantastic home, offering space both inside and out, with a healthy mix of character...
