

**La Route du Mont Mado**  
**4 Bed Property For Sale in St. John**

**Description**

Maillard and Co are proud to offer this charming Grade 3 listed country house in a pleasing rural part of the popular Parish of St John, a real piece of Jersey history. The first time on the market since construction in the 1850s, the property was built for a local sea captain and it remains in his family to this day. Malta House offers versatile, spacious accommodation, with a 35' loft suitable for conversion. The main part of the building was refurbished in recent years and the roof appears fully felted and insulated. The property offers an eat-in kitchen with 2 further reception rooms, 4 bedrooms and one bathroom, but with the ability to create more. There is a garage to the rear with attached store, workshop and a fine range of stone pig...
