House For Sale in Smith's

Description

\\"Bermuda's equivalent to life on Lake Lugano\\" is how one of our international clients has described The Boat House at Manor House, an architecturally unique stand-alone residence at the nine-acre Manor House condominium development on the shoreline of Harrington Sound in Smith's Parish. The Boat House was constructed c. 1929 and designed in Beaux-Arts style by Thomas Hastings ([tel. no. redacted]) of the well known American design partnership of Carrere & Hastings, which also designed the New York Public Library and the Frick Museum. A Grade III historic building, the Bermuda National Trust's Architectural Heritage Series describes The Boat House in this way: The interior of the Boat House is spectacular. Bird's eye cedar and Bermuda limestone...
