2 Bed House For Sale in Paget

Description

Available now! Close to shops, buses, and beaches, with easy city access, The Crossings #5 is the ideal first home for busy professionals. We like #5's stylish wood-look floors, reverse cycle AC and spacious living area which connects the well-equipped kitchen to a private outdoor patio. This is perfect for a wine, beer, and BBQ with friends - for a small development, it packs a big punch! As an unexpected bonus, the standout pool amenity adds a touch of luxury without hefty maintenance fees. Benefit from a gorgeous contemporary bathroom, a primary bedroom with a dedicated dressing room (or second bedroom) as well as an in-unit laundry and accessible outdoor storage—a rare find in a small development.
