

**Undercliffe
 4 Bed House For Sale in Pembroke**

Description

LOCATION, LOCATION, LOCATION and what better location than to be at the end of a quiet lane close to town in the prestigious area of Fairylands right on the water with a deep-water dock facing west which is a great place to enjoy the view across the islands to the sunset beyond and in season to watch the glow worms light up the lagoon. Adjoining the dock is an ancient fish catch which was used in past times to store fresh fish. There is excellent swimming off the dock and the foreshore is very long which gives great privacy. Electrical power is on the dock and fresh water nearby. John Lennon rented the old Undercliffe and the dock is where “Mull of Kintyre was composed when he and Paul McCartney heard bagpipes being played across the water....
