

Windy Brae - For Rent

2 Bed House To Let in Southampton

Description

Perched on the ocean side cliffs of South Shore Road, just west of the Reefs Hotel, sits this adorable, recently renovated, two bedroom, one bathroom traditional Bermuda cottage with the most phenomenal views of the Atlantic from almost every room. Only four years ago Windy Brae underwent a complete and stunning transformation and bears little remblance to the house that was... New flooring through out, new lighting fixtures, new AC, new wooden plantation shutters, a full on facelift! We enter and cross through the large living room, with wood burning fire place through the French doors and out onto the delightful deck, over the large water tank and simply marvel at the stunning ocean spectacle ... And there's more; a separate updated kitchen...
