

Lot C Hinson Island

Land For Sale in Paget

Description

Lot C of a significant 0.57 Acres rests at the top of Hinson Island and showcases tremendous views across to Dockyard as well as over Hamilton Harbour. This specific property is adjacent to Lot B of a seperate 0.55 Acres, also available for sale currently, with both splitting a former water catch in half. Given this, the Lots are very buildable due to the flat terrain. Owners also benefit from Deeded access to a newly built private dock, while the Lot is also a very short walk to the Hinson Island Ferry. Available for a tour of the boundaries and discussion of the potential at your earliest convenience.
