

The Arches

5 Bed House For Sale in Paget

Description

The Arches is a versatile three-story property on Berry Hill Road - just a short walk from the hospital, Botanical Gardens, and the town of Hamilton. Approved for both commercial and residential use, the building has been stripped to its core, offering a blank canvas for redevelopment. CTX-designed plans are already in place for two spacious two-bedroom condos on the upper floor, along with a one-bedroom unit on the lower level and commercial space on the ground and lower floors. The upper units also enjoy beautiful views of Hamilton Harbour. With substantial on-site parking for 20 - 25 vehicles, this property offers a rare combination of location, flexibility, and development potential. Disclaimer: Images shown of renovated or updated spaces...
